

Lab 2: Kanban Evidence

Sujay Hegde | PES1UG24CS478 | BPS #47

Domain & SSL Certificate Expiry Alert System

The captures show the initial board, seven requirements, six epics, implementation work items, and FR-001 details. Visible work remains in To Do. An expanded list supports the hierarchy shown; task names alone do not establish that all subtasks are complete.

Source supplied by the student: SUJAY_HEGDE_PES1UG24CS478 - #BPS47 - KANBAN (1).pdf

Screenshots were extracted from the source PDF at their original pixel dimensions. This report updates student metadata and uses captions limited to the captured evidence. The original report is retained under [source_reports/](#).
